### Your Time, Your Moment

## Intro

(Instrumental)

### Verse 1

There you go, running, chasing your dreams

Barefoot, breathless with no time to think.

Grinding, pushing, exhausted at night,

Hoping, praying, keeping up the fight.

### Chorus

So, make this your time

Make this your moment

Aim high, shine bright

So, make this your time

Make this your moment

Aim high, shine bright

#### Verse 2

With a pure heart, yes you persevere

Building a platform where you can share

Your skills , thoughts and talents with many

The love you spread, yes, it's more than plenty

#### Chorus

So, make this your time

Make this your moment

Aim high, shine bright

So, make this your time

Make this your moment

Aim high, shine bright

Your story you want to yell and tell,

For the whole world to stop, look and listen,

That right there, yes, is your main ambition,

The drive to see this goal to fruition.
